REMARKS/ARGUMENTS

Claims 1-9, 12-16, and 19-23 were pending. The Examiner rejected claims 1 and 2 under 35 USC § 103(a) as being unpatentable over Goldstein (U.S. Patent No. 6,374,287), hereinafter "Goldstein". The Examiner indicates claims 3-5 as reciting allowable subject matter. The Examiner allowed claims 6-9, 12-16, and 19-23. In this response, Applicant has amended claim 3, and canceled claims 1 and 2. Claims 3-9, 12-16, and 19-23 remain pending.

CONCLUSION

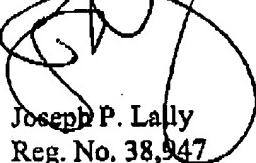

In this response, Applicant has addressed the objections to the claims, and responded to the Examiner's claim rejections under 35 USC § 103(a). Accordingly, Applicant believes that this response constitutes a complete response to each of the issues raised in the office action. In light of the amendments made herein and the accompanying remarks, Applicant believes that the pending claims are in condition for allowance. Accordingly, Applicant would request the Examiner to withdraw the rejections, allow the pending claims, and advance the application to
